EDUCATION

SRMCEM, Lucknow

June 2015 – April 2019

B. Tech in Mechanical Engineering- **Percentage - 77%**

Lucknow, India

City Montessori Inter College

August 2012 – May 2014

ISC - - **Percentage - 94.80%**

Lucknow, India

City Montessori Inter College

August 2002 – May 2014

ICSE - - **Percentage - 95.60%**

Lucknow, India

SKILLS

- MERN
- MongoDB
- Data Structures & Algorithms (DSA)
- RESTful API Design
- React.js
- HTML5
- Operating Systems
- Computer Networks
- Node.js
- CSS3
- Database Management System (DBMS)
- Firebase
- Express.js
- JavaScript
- OOPS Concept
- AWS theory

PROJECTS

MERN authentication application | react.js, node.js, MongoDB, firebase, redux toolkit **May 2024**

- Used MERN stack along with firebase storage for uploading user images for authentication and authorization
- Uses the powerful JWT for server side authentication and uses cookies for client side validation

E-commerce application backend | node.js, express.js, MongoDB, JavaScript **Dec 2023**

- This project has various functionalities like registering, login, updating and deleting of users and products and also creating and updating of products and order placements.
- Use of packages like cloudinary, bcryptjs, multer, stripe, JWT, helmet, morgan and cookie-parser for added functionalities
- It also includes pagination features and sorting of products according to ratings and reviews

Chat App | node.js, express.js, JavaScript **Dec 2023**

- This is a NodeJS chat application powered by socket.io library that supports real-time bi-direction communication between multiple users
- Uses simple HTML, CSS and Javascript for client side page rendering

EXPERIENCE

MERN stack developer intern — Ioready **Feb 2023 –**

Topic of Project

- Responsible for creating the backend part of inventory management system for some overseas client

Full stack internship virtual— Acciojob **Nov 2022 –**

Projects:

- Podcast Platform
- AirBnB clone

TECHNICAL SKILLS

Skills: Java, MySQL, HTML5, CSS3, JavaScript, node.js, MongoDB, express.js, react.js, firebase, MERN

Developer Tools/Framework: VS Code, IntelliJ Idea, Bootstrap, Github

Coursework: Data Structure and Algorithms, OOPS, DBMS
